FROM THE DESK OF THE COO

LIFE IS BEAUTIFUL

Life is a beautiful gift from God. Let us cherish and respect the beautiful gift. Let us not worry about the future and forget the past; let us not regret the past and let us learn from our past mistakes to make tomorrow better. Life is a gift; cherish it. Let us be thankful to god for such a beautiful life and do some productive and good work so that we can make the lives of others also beautiful.

Think About This:

Should you find hard to get to sleep tonight; **Just remember the homeless family who has no bed to lie in.**

Should you find your self stuck in traffic; **Don't despair. There are people in this world for whom driving is an unheard of privilege.**

Should you have a bad day at work; **Think of the man who has been out of work for the last three months.**

Should you despair over a relationship gone bad; **Think of the person who has never known what it's like to love and be loved in return.**

Should you grieve the passing of another weekend; **Think of the woman in dire straits, working twelve hours a day, seven days a week, for 15.00 to feed her family.**

Should you notice a new gray hair in the mirror; **Think of the cancer patient in chemo who wishes she had hair to examine.**

Should you find yourself at a loss and pondering what is life all about asking "What is my purpose"; **Be thankful. There are those who didn't live long enough to get the opportunity.**

Should you find yourself the victim of other people's bitterness ignorance, smallness or insecurities; **Remember, Things could be worse. You could be them!!!**

Lesson in Life

- **Use Positive Thinking**

We all have our fears in life. But the biggest of all fears is the fear of failing. Sometimes, one of the great battles we face in life is destined to pressure us to fail. The challenges will light up the negative thoughts that will start to attack our mind.

When this moment is with you, think about everything that makes a victory. Try to stay relaxed. Gain strength from the pressure to face and defy the moments that life has set to ultimately try to bring you down. Start fighting with a prepared positive mindset. With this attitude, it helps to put you in a better position before the going gets tough.

A lot of people waste a lot of their energy stressing about the outcome. Do the best of your ability and never doubt what you can do. Push beyond ability if you must and you will have a good experience, maybe even a breakthrough.

Always fight with your heart and mind; fight till you can't lift your hands and fight till you can't lift your legs anymore. Even when you are on your knees, crawl and keep on fighting. It's never easy to achieve anything but with sacrifice, the limits that you feel or see can be broken; your Will can take you a step closer to your goal.

Be sober from doubt, weakness and fear so when the going gets tough, that's when the battle of triumph or defeat begins and it's important to have an arsenal of positive thoughts ready to help you.

Gather your will and reflect on your purpose and endure the challenges that life has prepared for you. With this mentality, you can bring to life the positive feelings when they're needed and use them effectively towards your purpose.

Use positive thinking to live your life and win your battles. Positive thinking is your power to break all limits, overcome all challenges and move all obstacles. A positive mindset strategy can be effective even if the ultimate goal is not achieved.
