## MESSAGE FROM CHAIRMAN

*It is always a pleasure to see my dedicated 'force' outshine each other in their battle for supremacy. Team SISA is booming in success in every corner of the country and thereby gradually dominating the security services industry in India. As Chairman of this organization, I take this opportunity to salute my staff for their proactive zeal to excel in a*

*highly competitive market.*

*I am proud of our team leader and Managing Director, Sameer for leading by example. He has steered the company from a humble startup to a giant among our peers. I must mention here that the superlative efforts put in by our Vice President, Virendra Pandey, has been instrumental in achieving much of the successes that we have achieved. There are many, who deserve kudos for their individual and collective efforts and I thank each one of them.*

*SISA is poised to being the top three companies in our domain and we must strive hard to accomplish this goal. I have complete faith in the competence and loyalty of my team and sooner than thought, we are certain to be in the 'big three league'. We must however take cautious and judicious decisions so that we do not go overboard and commit tactical errors. My senior managers are always on my radar and I closely follow every action that they take. Our aim is to keep rising up the ladder and never fall in an attempt to go on an overdrive.*

*I wish you and your families the best of health and happiness. Always smile and tell yourself, 'I can do it'.*

*Meri SISA Chak De SISA!!!*

*Maj. Sushil Kumar Sharma (Retd.)  
Chairman*

## From The Editor's Desk

*While the editorial team leaves no stone unturned to bring out each edition of SISA Times packed with corporate news, bang on time, we feel that employee participation is grossly lacking. Notwithstanding this fact, the two successive contributions by Tania Bhatia have given new hope of employee contribution to your much awaited SISA Times.*

*SISA Times is the face of our organization and read across a wide segment of employees and customers. It is therefore necessary that our in-house e-magazine makes interesting reading. Adding spice to raw information would make reading a relaxing experience and it is here that we require your participation.*

*Share you experience of working with SISA or a write about an interesting incident or even a travelogue. You are welcome to send the raw text to the Editorial team and we will ensure that you article is presented in its best form. Think 'Meri SISA Times' and you will realize how much you are missed here.*

*Smile, laugh your hearts out, and make others happy. Do not sympathize but empathize to fully understand what real sharing and caring is all about.*

*Meri SISA. Chak de SISA.*

*Chandan Banerjee*

## Punjab --- It's Rich Culture & Heritage

The term Punjab originates from the Persian language Panj (Five) and Ab (Water), combined together the word becomes Panjab or Punjab, the land of Five rivers. Indus River is the largest river in this five rivers system and the five other rivers on the south eventually join Indus or merge into it later in the downstream of the Punjab valley. All the rivers start and flow out of the Himalayas. The other five rivers are Chenab, Jhelum, Ravi, Beas and Sutlej.

Punjabi Culture is evident from Punjabi philosophy, poetry, spiritually, education, artistry, music, dance and Cinema. The Punjabi Culture is rich and dynamic in its own ways. Bhangra is one of the ways that Punjabi musical art form is increasingly performed on the occasion of marriage. The Punjab has many dance forms which are usually performed at times of celebrations, Including harvests, festivals, and weddings. The high energy "Bhangra" dance is famed for its lively steps and cheerful songs. Punjab is primarily agriculture based state, due to the presence of abundant water sources and fertile soils. Other major industries include the manufacturing of scientific instruments , agricultural goods electrical goods, financial services , machine tools, textile, sewing machine, sports goods, starch, tourism, fertilizers, bicycles, garments, and the processing of pine oil and Sugar. Punjab has the largest number of steel rolling mill plants in India. The 'Green Revolution' was pioneered by farmers of Punjab and has transformed the way India looks at farming. Punjabi wedding are rich and vibrant. Many Bollywood movies have scenes from typical Panjabi weddings, making the entire show worth watching. Punjabi weddings include the 'Chuda Ceremony' and reception of the baraat with rich hot and lip smacking delicious food is served to the guest.

Punjabi food is famed for its signature foods like tandoori chicken, makki di roti, sarson ka saag and lassi. In the village till date, many people still employ the wood fixed and masonry ovens. Tandoori roti's are very famous as tandoori cooking is traditionally associated with Punjab.

Punjabi Language is written in the Gurumukhi script. The traditional dress, salwar kameez is very famous and worn by ladies throughout India and across the globe. The traditional dress for men is kurta and tehmat. Punjabis celebrate many cultural, seasonal and religious festivals which include Maghi, Lohri, Holi, Baisakhi, Teejan, Diwali, Dushera, and Guru Nanak jayanti.

Places to visit- Punjab is a state bordering Pakistan in the heart of India's Sikh Community. I have visited the Golden Temple of Amritsar which was a very satisfying and beautiful experience of my life. It attracts pilgrims from all over the world and looks particularly arresting at night, when its beautifully lit up with its Imposing pure Golden Dome Illuminated. It was a very satisfying experience to listen to the Gurbani that was sung over there and later I really enjoyed having the tasty kara (Prasad) which is distributed to the pilgrims.

I next visited the Wagah Border between India and Pakistan, Every Day before the Sunset a flag ceremony takes Place at the border when it closes for the day. It starts with high patriotic spirit from both sides of the border and lasts for about 45 minutes. I was very fortunate to see the parade and the Pakistanis across the border. I also visited the Jallianwala Bagh, also known for the Amritsar massacre which took place on 13 April 1919. Troops from the British Indian Army under the command of Colonel Reginald Dyer fired several rounds into a crowd of Indians, who had gathered in Jallianwala Bagh, Amritsar, Punjab.

I was really fortunate enough to visit the beautiful historical places of Punjab and the sweet memories of Punjab are still fresh in my mind. I look forward to visiting Punjab again in the near future.

Ms. Tania Bhatia
