SISA TIMES VOL - II

MESSAGE FROM CHAIRMAN

Major S. K. Sharma (Retd)
Chairman

With the support from all verticals within our company, we have finally created **Brand SISA**. In other words, we have established our brand in the niche segment of the guarding industry in India. Thank you all for achieving this unique feat.

SISA is exploring a new paradigm in business. The way we have been trying to reach out to customers over the past decades will now be history. This paradigm shift in sensitizing customer relationships may surprise you. This disruptive change means that excitement and engagement will matter even more in the future.

Let me now shift to an issue that demands the attention of each one of us. Issues like Global Warming and Climate Change may soon compel us to readjust the way we live. Our ecology

MESSAGE FROM CHAIRMAN

has become extremely fragile and unstable and unless we do something about it, life on our planet may become extinct. I therefore appeal to all of you, to plant trees wherever possible, keep your environment clean and healthy, conserve water and finally spread awareness on the danger that looms over mother Earth.

Thank you!!!

Meri SISA Chak de SISA

Maj. Sushil Kumar Sharma (Retd)

Chairman

SISA TIMES VOL - II

From the Editor's Desk

At the outset, the Editorial Team would like to apologize for the inordinate delay in bringing to you, your favourite e-magazine, SISA Times. We are happy that Ms. Karuna Dubey is back in the editorial board and hope our next issue will roll out well in time.

Ever since I took over as Editor of SISA Times, I have been trying very hard to generate enthusiasm among our readers to contribute to the e - magazine. Though the response so far has been far from heartening, I will continue to strive to ensure some success.

We take great pride in being part of an organization that has consistently risen in the corporate scale as the finest security company in India. We endeavor each day to improve upon our capabilities as real soldiers under our fatherly leader, our respected Chairman, Maj. Sushil Kumar Sharma (Retd).

Plant a tree, save water and keep your environment clean.

Best Regards,

Mr. Chandan Banerjee

Editor

Seminar On Bima Yojna At SISA House By SBI

Saving or accumulation in life is of equal importance to the amount of income as much as income. How much is the income of man, but if there is no tendency to accumulate in it, then he has to face many difficulties from time to time.

Man's life is full of different ups and downs. Happiness and sadness are integral parts of life. The millionaire person can also reach the state of pacifism at the second moment. In these circumstances, the tendency of saving or saving of human beings provides special assistance in recovering it.

The small savings of a person's daily life also becomes a bigger amount in the future, in which he can fulfill his dreams or take support in times of difficulties. Making one rupee one by one, it is easier and more comfortable than getting one lakh rupees together.

In our SISA house have arranged seminar on “**BIMA YOJANA**”, by State Bank of India. They had aware to our employees regarding “**Pradhanmantri Suraksha Bima Yojana**” & “**Atal Pension Scheme**”.

ARTICLE BY SUPPORT TEAM Introduction Gets You Courage

Once before a time there was a forest. In that forest there was a fox. One day she saw a lion first time in her life. After seeing Scary face, big body, Long mane, terrible sound she scared too much. She fell unconscious on the same place.

The next day she saw that lion again. She was still scared, but she raised courage and tried to hide her fear and soon she ran away from there. It continued like this for a few days.

After a short time the lion came again. But what's this? The situation had changed

completely. The fox went straight to the lion and ask him **“Jai ho Maharaj”**, How are you? Is everything alright? Now she was not afraid of the lion. For a long time she had become acquainted with seeing the lion.

That is why it has been said that introduction brings courage. We should also increase mutual talk and mail jaw with our customer and our vendor. From which we will be able to do all our work correctly and at the right time.

Best Regards,

Ms. Karuna Dubey
