## MESSAGE FROM CHAIRMAN

### *Chairman's Message*

*We are finally at the threshold of bidding goodbye to 2017, a year that held much promise and lived up to my expectations. I thank the entire SISA team for its unstinted support and hard work under the able and dynamic leadership of Sameer, your power packed MD.*

*I would like to share the meaning of two common English words, **Sympathy** and **Empathy**. **Sympathy** means being compassionate towards someone's pain; whereas **Empathy** is taking ownership of the pain as if it was you who is inflicted. Taking ownership of your company makes you the owner of the company's mind, body and soul, thereby taking ownership of the company's successes and failures in a holistic sense.*

*SISA belongs to you my dear SISATARIANS, so next time you meet and greet a SISATARIAN, say "Meri SISA". SISA is your company so garv se bolo, "Meri SISA".*

*The security services industry in India today, is growing at an exponential rate and it is now survival of the fittest. On the one hand, our country is faced with a huge gap in the demand - supply ratio for trained security guards and on the other hand we have stiff competition from our adversaries. So dear sisters, brothers, daughters and sons of my SISA family, it is time to show your grit and make brand SISA a name to reckon with in our industry. Remember, Swami Vivekananda's famous words, "Arise, awake and stop not till the goal is reached".*

*I wish, each one of you and your families a New Year full of new opportunities to grow, year round happiness, good health and good cheer.*

***HAPPY NEW YEAR.***

***Maj. Sushil Kumar Sharma***  
***Chairman***

## EDITORS COLUMN

### *From the Editor's Desk*

*Dear Readers,*

*'SISA Times' has just crossed yet another milestone of its existence since it was first rolled out. It has been witness to our company's successes and failures, its highs and lows, induction and exit of resources and finally introduction of intelligent systems and policies.*

*Looking back always induces nostalgia but if we do not look forward, we will miss out on all the exciting challenges that lie ahead. Always remember the line, 'the show must go on', so gear up for an awesome year ahead.*

*It is important that we remain rock-solid in loyalty, commitment and focused, in order to take SISA to dizzy heights in 2018. Our respected Chairman has been our constant guide and a pillar of support, so it is for us to prove ourselves worthy of his patronage. Let us all, individually and collectively, pledge to surpass all set targets and emerge as a predominant force in the physical security industry.*

*The Editorial team wishes everyone in the SISA family, our esteemed clients and our associates a Very Happy New Year.*

*Chandan Banerjee*
